

Ships Stability Calculations:		Ships Manuals & Plans (Contd.):	
1	Intact Stability Booklet (including special Criteria)	31	DMLC Part II and associated forms
2	Probabilistic Damage Calculation	32	Damage control plans and booklets
3	Deterministic Damage Stability Booklet	33	Ozone-depleting Substances Record Book
4	Specific Stability Loading Condition	34	Search and rescue cooperation plan (Passenger Ships)
5	Grain Loading Manual	35	Ship Structure Access Manual
6	Solid Bulk Loading Manual	36	Ship to Ship (STS) Operations Plans (Oil Tankers)
7	Timber Loading Manual	37	Volatile Organic Compound (VOC) Management Plan (Tanker carrying crude oil)
8	Amendments for Stability Booklet	39	Inventory for Hazard Material Plan
9	Damage/Survival Capability Information (oil tanker)	40	Fuel Change Over Plan
10	Inclining Experiment	41	Procedure & Arrangement Manual
<b>Ships Manuals &amp; Plans:</b>		42	Rudder Maintenance Plan
11	Cargo Securing Manual	<b>Ship's Calculations:</b>	
12	Garbage Management Plan	43	Free Board Calculations
13	SOPEP / PCSOPEP / Noxious Liquid Substances	44	Tonnage Calculations
14	Emergency Towing Booklet / Arrangements	45	Torsional Vibration for propulsion system & Marine auxiliaries
15	SEEMP	46	Ship Resistance & powering Calculations
16	SOLAS Life Saving Training Manual (S-III/35)	47	Light Ship Draft Survey and Calculations
17	Fire Training Manual	48	Seakeeping Calculations
18	Sox Documents for Clean Class vessel	49	Steel weight estimations
19	Fuel Oil Management Plan	<b>Ship Structure, Manuals and Studies:</b>	
20	Inventory for Hazard Material Plan	50	Loading Manual
21	Fuel Change Over Plan	51	Longitudinal strength
22	Sox Documents for Clean Class vessel	52	Local Analysis for ship structure
23	Fuel Oil Management Plan	53	Structural analysis for dead weight increment
24	Inventory for Hazard Material Plan	54	Structural analysis for Crane foundation
25	Fuel Change Over Plan	55	Structural analysis for Lifting appliances components
26	Fire Fighting Maintenance, onboard Training and Operational Manual (S-II-2/14, 15, 16)	56	Structural analysis for Deck Machinery Foundation
27	Ballast Water Management Plan	57	Structural Analysis for Conversion process
28	Plans and procedures for recovery persons from water	58	Structural Analysis for Lengthening Process
29	Safety Management System (ISM Manual)		
30	Ship Security Plan SSP (including SSA)
